

Bespoke Doormats for National Trust

**APPROVED
SUPPLIER**

**We'd like to
introduce ourselves...**

Make An Entrance is an approved supplier to the National Trust and is listed in the "Manual of Housekeeping." We are on Proactis Plaza and set up with the Finance Service Centre to receive your purchase orders. We also accept card or BACS payment.

ANNA PARKINSON

(OUR NATIONAL TRUST CO-ORDINATOR):

"I love supporting my National Trust customers. They often contact me for advice on the best type of matting for a particular location. It's great to have a lasting relationship and get to understand the specific needs of each property."

TRADITIONAL COIR MATS:
HAND MADE
IN OUR UK WORKSHOPS

Coir (Coconut Fibre) is the original doormat material. It is very effective at removing dirt, helping to protect expensive floor coverings. Our mats are made to order (up to 2 metres wide) and suitable for mat wells or to be loose laid. We are used to the challenges you face with historic properties. If the mat well is not regular sided don't worry. Our craftsmen can cope with irregular shapes and even make mats to templates if necessary.

Matting for every area of the property

**Absorbent, Washable,
Any Design, Any Size**

**Talk to us about your
requirements...**

For indoor use, our washable mats are perfect. They can be made in any size up to 2 metres x 6.5 metres. Why not use as a runner to absorb dirt and water over the entire length of a hallway? We can also make them to lay in a mat well.

**COIR LOGO
MATS :**

We also make logo mats from Coconut Matting. The design is inlaid for longevity and gives a very traditional appearance.
