

TRADITIONAL COIR LOGO MATS

EVERYTHING YOU NEED TO KNOW

INLAID COIR (COCONUT) LOGO MATS

- Our coir logo mat designs are inlaid into the coir for a very long lasting finish.
- We cut the design out in the appropriate coloured coir and insert this into the back ground colour of the mat so the coloured fibres run throughout and the design will last for the lifetime of the mat.
- Made from 17mm thick PVC backed coir, our coir logo mats are easily trimmed to size on site and give a quality traditional look.

SIMPLE, STRESS-FREE ORDER PROCESS:

- We make the ordering process quick & easy.
- Send us your logo and we'll prepare a proof for you to approve.
- Once you're happy with the design we go into production.
- From artwork sign off to delivery is 15 working days, but if you need it quicker let us know, and we'll do our best to help.
- Ask about our express service, and have your mat within a week.

The classic combination is a black design on a natural coir background, but we can create your design from any combination of the colours above for the background and logo.

- Our coir is dyed not sprayed so the colour runs throughout the pile for long-lasting wear.
- Exact pantone matching is not available on this type of mat. Our team is happy to advise.
