

DOORMATS FOR NATIONAL TRUST PROPERTIES

EVERYTHING YOU NEED TO KNOW

APPROVED SUPPLIER

Make An Entrance is the approved supplier of doormats to National Trust properties and is listed in the "Manual of Housekeeping".

With your quotation we provide everything you need to complete your purchase order form for the Finance Service Centre or you can order directly using the credit cards you may now have been supplied.

Call Jill Fisher, National Trust Coordinator with your requirements on 020 8819 5869

TRADITIONAL COIR MATS:

Coir or Coconut fibre is the original hard wearing material chosen for years to make long lasting doormats for businesses and homes alike. It gives a traditional appearance.

Coir is extremely effective at removing dirt, helping to protect your internal floor coverings. A traditional woven coir mat is ideal for use inside or out as any water is able to pass through the mat allowing it to dry out.

A traditional hand stitched mat at the entrance to your building is the perfect finishing touch and is particularly suited to period properties.

OTHER TYPES OF MATTING

IN CERTAIN SETTINGS ONE OF OUR OTHER MATS MAY BE PREFERABLE

LOGO MATS:

Sometimes its appropriate to include a logo on your mat to welcome visitors to your property. At Make An Entrance we are used to working with organisations with strict brand guidelines and will ensure that, the logo and colours you ask us to use are just right.

We are able to make doormats with logos in coir (coconut) matting, synthetic coir which can be great in areas that need to be wheelchair accessible and also as washable carpet style mats too.

TRADITIONAL BRITISH BUSINESS

With over 30 years experience in the production of hand finished coir doormats Make An Entrance is an expert in it's field.

Our craftsmen specialise in creating made to measure hand stitched mats, using techniques that have been handed down through generations.

Make an Entrance is a family run business, and we pride ourselves on giving excellent service and getting the job done right first time.

WASHABLE MATS:

- Great for areas prone to spills as they are so easy to clean.
- Washing: Our washable mats are machine washable: either pop them into a large washing machine, or if its too big for that then use a carpet cleaner.
- Borders: Choose a mat with borders if the mat is to be loose laid on the floor, as the tapered black border helps to prevent a trip hazard.
- Border-less: If the mat is to go into a mat well choose the border-less option, and we can add an extra thick backing to help fill the depth of your mat well.

Talk to us about what you have in mind and we'll make it happen.
