Made to measure

Thickness - 17mm

PVC backing material

Mat well

Natural coir

Irreg shape

Scraping action

Underfloor heating (with barrier)

Design your own

Colour range available

Our Coir Logo Mats are made here in our UK workshop to your bespoke specifications.

Made from natural coconut fibres, your logo is hand inlaid meaning the design is embedded all the way through the mat. This ensures your logo will not wear away with high levels of footfall unlike with printed coir mats.

Our Coir Logo Mats are traditional-looking mats that are made to last.

These mats are supplied oversized to be trimmed to your mat well size on site.
